

Nepal: Activities during of the time of the earthquake

Nepal was unique in 2015! The national team, with five regional coordinators and teams in 75 districts all over the country, decided long before the earthquake happened to reach out for a whole month with practical help.

Then the earthquake came, and they were prepared for action all throughout the country.

When we came, we heard awesome testimonies from all over about what the Lord has been doing during the last two years as a result of the Global Outreach Day: We saw churches

started during G.O.D. 2014, and the new Christians worshiped the Lord passionately and gave their testimonies. Older Christians reported how the training transformed them to a lifestyle of evangelism.

We met people who were saved or healed during G.O.D. By passing out food during our relief outreaches in the earthquake areas, two entire villages accepted Christ, and many people received help.

The district coordinators have already started churches there. Our entire tour of this earthquake-shaken

country was a testimony of fruition, unity, and an active and prepared Body of Christ which adopted Global Outreach Day as its own vision.

Mozambique: A witch doctor came with a dangerous snake

In Mozambique, a team wanted to share the Gospel when a witch doctor arrived. He was holding three big puff adder snakes – poisonous and deadly. They were crawling all over him, and a crowd quickly formed.

The Christians were not afraid, but they were determined to kill the snakes! Even the police with their AK-47 machine guns were afraid of him. The snake bit the man and blood

dripped down his hands, but he had demonic powers which protected him from the deadly poison. The whole team asked him if he wanted to be free from this life of bondage.

He said that he was very tired and wanted freedom! They threw the snakes in the fire and killed them, he got saved and then was baptized together with his girlfriend. Afterwards he married her.

Ghana: 741,150 decisions for Christ

This year was the first time that fellowships in Ghana participated in G.O.D. The king invited pastors to a meeting and encouraged them greatly. Due to the very good planning and mobilization, the results were remarkable.

Almost 800,000 Christians were actively involved and reached more than two million souls all across Ghana with the Gospel. 741,150 people made a decision for Christ.

The Philippines: 18,976 Christians trained

In the Philippines, we were able to rally the Body of Christ and distribute nearly 3 million Gospel tracts throughout the whole nation to be used on G.O.D.

The tract told the story of Manny Pacquiano, the famous boxer, who was excited about the idea. 18,976

Christians were trained in evangelism, and 12,245 people made decisions for Jesus. In one of the largest slum neighborhoods in Manila, many were reached with the Gospel. A lame woman was prayed for, after which she could walk again.

India: 10 million people reached

The politicians in India have made it their goal to remove Christianity from India by 2021. When Christians try to pass out tracts, special security forces are informed to hinder them.

We printed 10 million tracts, which were distributed especially in northern India. Many churches and home fellowships were mobilized. Millions of Christians prayed specifically during G.O.D. as part of a prayer

movement. Now they are combining prayer with evangelism and are reaching thousands. In Varanasi, a central city of Buddhism and Hinduism, we held a prayer night and had various outreaches to the villages on the next day.

A Guru from the highest caste was very open to the message and gave his life to Jesus directly by the Ganges River after he was prayed for.

Brazil: 2 million Christians trained in evangelism

The G.O.D. has become one of the largest mobilization movements in Brazil. We were able to train two million Christians in evangelism. In one meeting in Manaus alone, we trained 300,000 Christians.

Outreaches took place everywhere – in the favelas (slums), on the streets, in the inner cities, etc. One team took the Gospel deep into the Amazons. There they met an unreached tribe.

As they landed their floatplane, the chief of the tribe came out to attack them with a spear. Shortly after that

he gave his life to Jesus, his eyes full of tears. Following that, the entire tribe wanted to receive Jesus.

Dominican Republic: The goal – to baptize thousands

Thousands of churches were active in the Dominican Republic. Their goal was to baptize tens of thousands following their outreaches. A very violent gang got saved, as well as a 100-year-old woman.

She accepted Jesus, was baptized and died shortly thereafter. That was her last chance to make sure she spent eternity with God. One team went to a hospital. The leader was a doctor himself. He reported that three people were healed of Aids.

This was medically certified. Several prostitutes knelt down publicly to accept Jesus, a famous professional

basketball player got saved and a witchdoctor was set free and is part of the church now.

Everyone can reach someone, together we can reach the world.

GLOBAL OUTREACH DAY

Every last Saturday in May millions of Christians are sharing the Gospel worldwide

one day | one world | one message

JESUS

VISION & CHALLENGE

The vision of Global Outreach Day is for every believer to share the Gospel on the last Saturday in May – every year. Everywhere.

The Great Challenge

93% of church members never share the Gospel with others.

Global Outreach Day (G.O.D.) is a catalyst to mobilize the whole church for evangelism. For many Christians this day of action is the first step to a lifestyle of evangelism.

MOBILIZATION & PRAYER

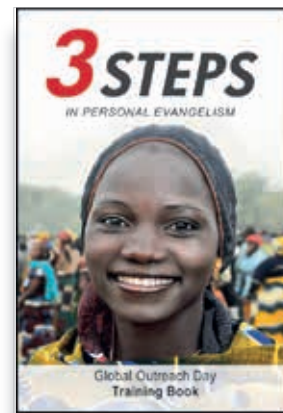

For this day millions of Christians around the world are mobilized to pray for the harvest and then go out and share the Gospel with at least one person.

TRAINING

Christians worldwide are trained to spread the Gospel in their own way – according to their unique abilities and opportunities – by teaching them 3 simple steps:

- how to start a conversation
- the basics of the Gospel message
- how to lead someone to Jesus

ACTION

It's easy! Every Christian can be part of it. We all are called to be a witness and we all have something to give.

Here are some practical examples:

- **One on One** – inviting someone over for a cup of coffee and telling him about Jesus.
- **In small groups** – reaching out on the streets, in the market places, parks, etc.
- **Care and share** – doing something good for the needy in hospitals, prisons, children's homes, etc.

- **Reach your area** – Visiting home to home or strategic campaigns with other churches
- **More ideas** – Concerts, open-air meetings, flash mob, banners, share tracts, post on Facebook, etc.

PARTICIPATION

TESTIMONIES

- **Amazon** – A **tribal chief** and parts of his tribe in the Amazon got **saved**.
- **Dominican Republic** – A **100-year-old lady got saved** and baptized, just before she passed away.
- **Bangladesh** – A **Muslim** man facing death due to heavy cholera and already given up by doctors, got prayed for and **received complete healing**. As a result his **whole family got saved**, too.
- **El Salvador** – A man so crazy he was being kept in chains like an animal found deliverance and salvation in Christ.
- **Nepal** – A witch doctor received healing during prayer and got saved.
- **Brazil** – A man got **saved** on his way to **committing suicide**.
- **Sri Lanka** – A two year old boy, completely paralyzed in both of his legs since birth, was totally healed after prayer.

We received countless reports of evangelistic activities in homes, on the streets, in prisons, hospitals, door-to-door, etc.

- **Nepal** – 6,631 home fellowships started – 22,000 people baptized
- **Philippines** – a church in a slum area grew through the G.O.D. outreach from 300 to 475 and later tripled in just a few months
- **Nigeria** – a movement with 30,000 congregations was inspired to evangelize monthly
- **Mexico** – about 25% of G.O.D. participants continue to evangelize on a regular basis

These are only a few examples of many long-term results of G.O.D.

OUTCOME

- More than 25 million Christians shared the Gospel
- 4.7 million 3 STEPS training booklets printed and distributed
- Thousands of leaders personally trained, who then trained their entire church
- 101 million G.O.D. tracts distributed from 2012-2015
- Millions of people reached with one-on-one evangelism
- 1,161,709 decisions for Christ (according to reports from our partners through August 2015)
- 6,631 small groups and churches planted in Nepal alone
- Many participating Christians and churches are now sharing the Gospel regularly
